

Rubber Rollers  
Repaired &  
Resurfaced  
With FLEXICLAD  
DuraTough  
in Kuwait

With a little bit of **'imagineering'** FLEXICLAD DuraTough can be used for a wide variety of applications -- not just for cavitation problems.

These rubber rollers run against stone rollers and had become damaged due to a misalignment problem.

**The repairs were easily and quickly completed with FLEXICLAD DuraTough DP & DL.**
